Oggetto: Semplificazione procedure di iscrizione in lista export Hong Kong per carne e prodotti a base di carne (bovina/suina/pollame)

Facendo seguito alla Nota prot. n. 0025141-14/06/2024-DGISAN-MDS-P, con la quale sono state fornite nuove indicazioni in merito alle procedure d'iscrizione in lista degli stabilimenti che intendono esportare carni e prodotti a base di carne delle specie bovina, suina e di pollame, si rappresenta che la nostra Ambasciata presso HK ha comunicato una ulteriore modifica della procedura stessa. Infatti il Centre for Food Safety -CFS, considerando che gli stabilimenti italiani soddisfano i requisiti d'importazione e che le nuove domande presentate hanno superato la valutazione da parte dello stesso CFS, nel mese di gennaio c.a. ha rivisto e semplificato la procedura e i requisiti di presentazione delle domande di inserimento in lista export di nuovi stabilimenti o per l'ampliamento della gamma di prodotti. A tal fine ha predisposto un nuovo modello da utilizzare per le suddette richieste, allegato alla presente nota.

Le nuove domande d'iscrizione in lista degli impianti di produzione giudicati idonei dal Servizio veterinario territorialmente competente, pertanto, potranno essere inoltrate allo scrivente Ministero utilizzando la procedura semplificata. Per gli stabilimenti che hanno già presentato domanda in conformità alla precedente procedura e la cui valutazione è in fase di elaborazione, non è necessario presentare il nuovo modulo per l'iscrizione in lista, per questi ultimi stabilimenti le Autorità di HK provvederanno a fornire eventuali osservazioni.

Il nuovo modello di domanda, da compilare in ogni sua parte in lingua inglese e accompagnato dalla relativa documentazione ugualmente tradotta, dovrà essere inoltrato allo scrivente Ministero tramite le Autorità sanitarie territorialmente competenti.

Si resta a disposizione per ogni eventuale chiarimento.

IL DIRETTORE DELL'UFFICIO *Dr. Pietro Noè

c)	Microbiological hazards and two latest	
	test reports	
d)	Other harmful substances (either in-	
	house/national, if available) and two	
	latest test reports	

Declaration: Five specific requirements

I, on behalf of the issuing entity stated below, hereby declare that the information and documents submitted above are true and correct. I understand that the information and documents provided may be disclosed to other authorities of the HKSAR or relevant parties for the purposes of processing the registration of establishment and exercising food safety control. I also certify the following requirements have been complied with for export of meat / poultry to the HKSAR:

- (1) The meat / poultry products of the establishment are fit for human consumption and in compliance with food laws of the place of origin and Part V of the Public Health and Municipal Services Ordinance (Chapter 132, Laws of Hong Kong).
- (2) The meat / poultry products of the establishment shall be accompanied by health certificate issued by the issuing entity in the format agreed with the HKSAR and certifying that the meat / poultry is derived from animals which have been inspected ante and post mortem, produced under all necessary precautions for the prevention of danger to public health, and has met all the requirements of the competent authorities of the place of origin.
- (3) The establishment has met all requirements of the competent authorities of its place and has implemented self-operated programmes, including but not limited to food safety management system such as HACCP or ISO 22000, Sanitation Standard Operating Procedures (SSOP) and Good Manufacturing Practice (GMP).
- (4) The meat / poultry products are subjected to official surveillance programmes of the competent authorities of the place of origin in respect of residues of veterinary drugs, pesticides and environmental contaminants, and microbiological hazards. Where applicable, such programmes shall be formulated and implemented according to the recommendations of Codex Alimentarius.
- (5) The animal farm and establishment are subjected to risk-based veterinary audit programme and drug monitoring programme of the competent authorities of the place of origin, and such programmes shall be reviewed on regular basis.
