2026/2533

13.11.2026

DECISIONE DI ESECUZIONE (UE) 2026/2533 DELLA COMMISSIONE

del 9 novembre 2026

che modifica la decisione di esecuzione (UE) 2024/2207 relativa ad alcune misure di emergenza contro il vaiolo degli ovini e dei caprini in Grecia

[notificata con il numero C(2026)8074]

(Il testo in lingua greca è il solo facente fede)

(Testo rilevante ai fini del SEE)

LA COMMISSIONE EUROPEA,

visto il trattato sul funzionamento dell'Unione europea,

visto il regolamento (UE) 2016/429 del Parlamento europeo e del Consiglio, del 9 marzo 2016, relativo alle malattie animali trasmissibili e che modifica e abroga taluni atti in materia di sanità animale («normativa in materia di sanità animale») ([1]), in particolare l'articolo 259, paragrafo 1,

considerando quanto segue:

(1) Il vaiolo degli ovini e dei caprini è una malattia virale infettiva che colpisce gli ovini e i caprini e può avere conseguenze gravi sulla popolazione animale interessata e sulla redditività dell'allevamento, perturbando i movimenti delle partite di tali animali e dei relativi prodotti all'interno dell'Unione e le esportazioni verso paesi terzi. In caso di comparsa di un focolaio di vaiolo degli ovini e dei caprini in ovini o caprini, è grave il rischio che la malattia possa diffondersi ad altri stabilimenti che detengono detti animali.

(2) Il regolamento delegato (UE) 2020/687 della Commissione ([2]) integra le norme relative al controllo delle malattie elencate di cui all'articolo 9, paragrafo 1, lettere a), b) e c), del regolamento (UE) 2016/429 e definite malattie di categoria A, B e C dal regolamento di esecuzione (UE) 2018/1882 della Commissione ([3]). In particolare, gli articoli 21 e 22 del regolamento delegato (UE) 2020/687 prevedono, in caso di presenza di un focolaio di una malattia di categoria A, tra cui il vaiolo degli ovini e dei caprini, l'istituzione di una zona soggetta a restrizioni e l'applicazione di determinate misure in tale zona. L'articolo 21, paragrafo 1, del medesimo regolamento delegato stabilisce che la zona soggetta a restrizioni deve comprendere una zona di protezione, una zona di sorveglianza e, se necessario, ulteriori zone soggette a restrizioni attorno o adiacenti alle zone di protezione e di sorveglianza.

(3) La decisione di esecuzione (UE) 2024/2207 della Commissione ([4]), adottata a seguito della comparsa di focolai di vaiolo degli ovini e dei caprini in Grecia, stabilisce alcune misure di emergenza che tale Stato membro deve adottare. Più in particolare, la decisione di esecuzione (UE) 2024/2207 stabilisce che le zone di protezione e di sorveglianza e le ulteriori zone soggette a restrizioni che devono essere istituite da tale Stato membro conformemente al regolamento delegato (UE) 2020/687 devono comprendere almeno le aree elencate nell'allegato di detta decisione di esecuzione. La decisione di esecuzione stabilisce inoltre che le misure da applicare in tali zone devono essere mantenute almeno fino ai termini indicati in tale allegato.

([1]) GU L 84 del 31.3.2016, pag. 1, ELI: http://data.europa.eu/eli/reg/2016/429/oj.
([2]) Regolamento delegato (UE) 2020/687 della Commissione, del 17 dicembre 2019, che integra il regolamento (UE) 2016/429 del Parlamento europeo e del Consiglio per quanto riguarda le norme relative alla prevenzione e al controllo di determinate malattie elencate (GU L 174 del 3.6.2020, pag. 64, ELI: http://data.europa.eu/eli/reg_del/2020/687/oj).
([3]) Regolamento di esecuzione (UE) 2018/1882 della Commissione, del 3 dicembre 2018, relativo all'applicazione di determinate norme di prevenzione e controllo delle malattie alle categorie di malattie elencate e che stabilisce un elenco di specie e gruppi di specie che comportano un notevole rischio di diffusione di tali malattie elencate (GU L 308 del 4.12.2018, pag. 21, ELI: http://data.europa.eu/eli/reg_impl/2018/1882/oj).
([4]) Decisione di esecuzione (UE) 2024/2207 della Commissione, del 29 agosto 2024, relativa ad alcune misure di emergenza contro il vaiolo degli ovini e dei caprini in Grecia (GU L, 2024/2207, 30.8.2024, ELI: http://data.europa.eu/eli/dec_impl/2024/2207/oj).

(4) Dall'ultima modifica della decisione di esecuzione (UE) 2024/2207, introdotta con decisione di esecuzione (UE) 2026/2123 della Commissione ([5]), la Grecia ha notificato alla Commissione la comparsa di 30 focolai di vaiolo degli ovini e dei caprini in stabilimenti in cui erano detenuti caprini od ovini. Detti focolai, segnalati tra il 10 settembre e il 5 novembre 2026, riguardano le unità regionali seguenti: Acaia, Arcadia, Arta, Florina, Kavala, Kilkis, Larissa, Prevesa, Rodopi, Serres e Trikala.

(5) Le aree elencate come zone di protezione e di sorveglianza e come ulteriori zone soggette a restrizioni per la Grecia nell'allegato della decisione di esecuzione (UE) 2024/2207, come pure la durata delle misure in esse applicabili, dovrebbero pertanto essere adeguate per tenere conto di tali nuovi focolai. È pertanto necessario modificare l'elenco delle zone soggette a restrizioni e la durata delle misure da applicare in tali zone di cui all'allegato di detta decisione di esecuzione.

(6) Le dimensioni delle zone di protezione e di sorveglianza e delle ulteriori zone soggette a restrizioni, come pure la durata delle misure da applicare in tali zone, si basano sui criteri di cui all'articolo 64, paragrafo 1, del regolamento (UE) 2016/429 e sulle norme stabilite nel regolamento delegato (UE) 2020/687. I criteri applicati per la scelta delle dimensioni e del numero delle zone di protezione e di sorveglianza e delle ulteriori zone soggette a restrizioni, come pure della durata delle misure da applicare in tali zone, tengono conto non soltanto della situazione epidemiologica relativa al vaiolo degli ovini e dei caprini nelle aree interessate da tale malattia ma anche della situazione epidemiologica generale del vaiolo degli ovini e dei caprini nell'intero territorio dello Stato membro interessato dalla malattia, nonché del livello di rischio di ulteriore diffusione della malattia. Inoltre, la durata delle misure previste dalla presente decisione è stata determinata conformemente alle norme internazionali stabilite nel codice sanitario per gli animali terrestri dell'Organizzazione mondiale per la salute animale (WOAH) ([6]).

(7) In aggiunta, tenuto conto dell'attuale situazione epidemiologica per quanto riguarda tale malattia in Grecia e al fine di ridurre al minimo il rischio che si diffonda ulteriormente, è altresì necessario prorogare il divieto, di cui all'articolo 3 della decisione di esecuzione (UE) 2024/2207, dei movimenti di ovini e caprini dal territorio della Grecia verso una destinazione situata al di fuori di tale paese fino al 30 giugno 2027. È inoltre necessario prorogare il periodo di applicazione di detta decisione di esecuzione, di cui all'articolo 4 della stessa, fino al 30 giugno 2027.

(8) Data l'urgenza della situazione epidemiologica nell'Unione per quanto riguarda la diffusione del vaiolo degli ovini e dei caprini e data la necessità di prevenire l'ulteriore diffusione della malattia dagli stabilimenti interessati in Grecia ad altre parti di tale Stato membro o ad altri Stati membri, è opportuno che le misure stabilite dalla presente decisione di esecuzione si applichino quanto prima.

(9) Le misure di cui alla presente decisione sono conformi al parere del comitato permanente per le piante, gli animali, gli alimenti e i mangimi,

HA ADOTTATO LA PRESENTE DECISIONE:

Articolo 1

La decisione di esecuzione (UE) 2024/2207 è così modificata:

1) all'articolo 3, lettera e), la data «31 dicembre 2026» è sostituita dalla data «30 giugno 2027»;

2) all'articolo 4, la data «31 dicembre 2026» è sostituita dalla data «30 giugno 2027»;

3) l'allegato è sostituito dal testo che figura nell'allegato della presente decisione.

([5]) Decisione di esecuzione (UE) 2026/2123 della Commissione, del 17 settembre 2026, che modifica la decisione di esecuzione (UE) 2024/2207 relativa ad alcune misure di emergenza contro il vaiolo degli ovini e dei caprini in Grecia (GU L, 2026/2123, 22.9.2026, ELI: http://data.europa.eu/eli/dec_impl/2026/2123/oj).
